To whom it may concern

In relation to Urban Shopfitters Ltd

Urban Shop fitters have worked at Stansted Airport for the past 6 weeks on a retail fit out project as part of the airport's Terminal Transformation Project. The team worked diligently and were committed to meeting the demanding standards set by Stansted. From the outset they set high standards of compliance with Health & Safety which has been most refreshing.

Their professional attitude, effectively coordinated works and the willingness to work closely with the many stakeholders at the airport has resulted in a project completed to a very high standard.

I can only commend their works and professional, committed approach to their works to anyone considering appointing them in the future.

Yours sincerely

CSK Welch
